0/10 - 6 votesRate this game:It is crazy to think that originally Worms Armageddon was going to be an expansion for Worms 2! I am glad that they did not go down that route as this is one of the most fun games of its generation.. While I liked the amusing voice samples that Worms Armageddon offers, the music did start to get on my nerves after a while.. It is the kind of multiplayer game where you are always having fun, even if you are on a massive losing streak it is impossible not to have a good time playing this.. The presentation is very similar to what we had with Worms 2, but I do feel that things are a bit sharper all around here.. Developer: Team17Genre: Strategy/WargameOriginally on: Windows (1999) Also known as: Worms 3Works on: PC, WindowsEditor Rating:User Rating: 7.. This is made even more so when you customize them the way you want, especially

with the way they talk.. You have a single-player campaign where you have to take on various missions These usually have some kind of predetermined game mode or health situation for you to deal with.. As you can tell, I love Worms Armageddon! I love the series in general, but I would probably rank this game at the very top or at least number 2.. If you really fancy yourself as a great player, you can take on the Deathmatch mode which pits you against wave after wave of Worm armies!You also have a tutorial which is great for showing you how to use some of the fun new weapons as well as giving you a better understanding of how the game works.. Worms Armageddon features tribes/armies or whatever you want to refer to them as of Worms waging war with each other. e828bfe731 [Download one piece eps marineford bahasa indonesia](#)
